## Select Your Pictures

For best results, a 25 picture slide show would have a song that is 3-5 minutes long. As you add pictures to your slide show you may want to choose a longer song or add an additional song/songs.

If you would like to choose the order in which the pictures will appear, number the back of each picture, we suggest placing a small piece of masking tape on the picture and writing the number on it to avoid damaging the photograph. We may crop your photographs if we feel we can improve on the images.

## Select Your Song

If you have the song on a CD, include it along with your pictures. If you do not have it, we will do our best to locate the song from our sources. If you need help choosing a song, call us at 414-241-0713, and we will be happy to make suggestions.
